Savvy Shopper Game Goal

To be the first player to buy a hat, jeans, DVDs, shoes, and a bike and have \$0 debt.

Directions

1. Place game pieces on the START square. Collect \$50. Mark your tally sheet.
2. Roll the die. The player rolling the highest number goes first. Play proceeds counterclockwise.
3. Follow the directions on the squares as you land on them. Fill in your tally sheet after each turn.
4. If you land on a hat, jeans, DVDs, shoes, or bike square, you may buy the item with a debit or credit card. If you have the cash, pay the debit price. If you don't have the money, pay the credit price. You may choose not to purchase the item.
5. With each item purchased, circle the item at the bottom of your tally sheet.
6. Each time you pass START, collect \$50.
7. Keep a running tally of your purchases and what you owe.

Continue play until one player has bought a hat, jeans, DVDs, shoes, and a bike, and is debt free.
